

THE ORIGINAL  
**Z-GEL**  
TEXTURIZING GEL FOR  
THE ORIGINAL LOOK

**Z-GEL**

- The one step texturing process for posters, prints and pre-treated photographs
- A great alternative to canvas transfers and eliminates the need for glass.
- You control the brush stroked appearance and the amount of detail you wish to achieve.
- No prep work or sprays needed.
- Simply mount prints directly to the illustration board of firm substrate. **Do not use on foamboard.**
- Z-Gel creates a 100% acrylic polymer emulsion, yielding a film with excellent flexibility and chemical and water protection.
- Cleans up with soap and water.
- Can ship year round-will not freeze.

**3M 12" ROUND SANDING DISC**

- 3M** • Designed specifically for 12" circular sanders.
- 100 grit aluminum oxide with durable cloth backing resin bonded for heat resistance and long life.
  - Self adhesive backing.

Item # 937

See front cover for details

**Z-CRACKLE**

- Provides an excellent antique crackling system for posters and prints (*not suggested for photos or giclees*).
- Eliminates the need for glass.
- You control the thickness of the cracks thru the application of the Step 1 finish.
- Mount prints directly to illustration board or other firm substrate (**Not recommended to mount to foam**).
- Z-Crackle Finish creates a 100% acrylic polymer emulsion, yielding excellent flexibility and water protection.
- Cleans up w/soap & water.
- Can ship year round. Will not freeze.
