

DECOR CLEAT HANGING BARS for HEAVY FRAMES

NOW available
6", 12", 18"
24", 36" & 48"
pre-cut strips

CAN SHIP UPS

Easy to cut-to-size extruded aluminum with oval **pre-drilled mounting holes every 4"** for easy mounting on walls or into wall studs for maximum strength. Hangs tightly to the wall. Designed for heavy and oversized frames, framed mirrors, or cabinets and heavy objects for commercial or residential applications. *Two bars are needed per framing application: one for the frame, one for the wall.*

Instructions: Attach one bar to the top of the picture frame. We recommend using a Decor #422, 1/2" x #6, Phillips Pan Head Sheet Metal Screw or longer, depending on the frame thickness. Attach the other bar to the wall, using a level to ensure that the frame will hang correctly. We recommend using Decor #426, 1" x #8 Pan Combo Sheet Metal Screws with Decor #516 Wall Anchors.

To **securely** hang 1 frame using two 12" cleat bars (#765) per frame, we recommend:

- 1- #511 Security Slotted Brackets
- 1- #509 Security T-Screw
- 5- #422 1/2" x #6 Phillips Pan Head Sheet Metal Screws to attach cleat bar and security slotted bracket to frame.
- 3- #426 1" x #8 Phillips Screws to attach 12" cleat bar to wall
- 3- #516 Wall anchors to use with #426 screws

You can make the 12" cleat bar more secure by using 1 each additional of the following: #422 screw, #426 screw and #516 anchor.

SECURITY HANGERS for WOOD MOULDINGS

Item #904 SINGLE POLY BAG:

- Includes:**
- 1 set of brackets
 - 4 - #432 1/2" x #6 wood screws for frame mounting bracket
 - 4 - #435 1" x #6 wood screws for wall mounting bracket
 - 4 - #516 wall anchors

Item #905 BULK for 100 FRAMES:

1 box **SAVE 10%** 5 boxes

This 2-piece mounting bracket is perfect for heavy frames and mirrors. Wall mounting bracket with security spring facing up is mounted to the wall. The frame mounting bracket, with the inner leg facing down, is mounted to the frame. They interlock easily and quickly and insure a strong, secure hanging system.
