ROTTENSTONE

SEPP IMITATION LEAF

Imitation Gold or Silver Leaf is 5 1/2" x 5 1/2" square. A book contains 25 leaves that covers a surface area of approximately 5 1/4 square feet without waste or overlap. You can determine the percentage of waste based on the complexity of the object and expertise level. If, for example, the surface is very ornate with deep crevices, it will certainly take more leaf than the same size of a flat surface.
