

FLETCHER Pneumatic Point Drivers for Professional Volume Assembly

Fires tight and flat to the surface providing superior holding power. Used with Framers Points in stacks of 250 points and Flexible Framers Points in stacks of 425 points. No "pull-back" required; slide point driver along moulding for continued firing. Ergonomically designed trigger eliminates hand fatigue.

HAND FINISHING TOOLS

PUSHMATE #F09515
Perfect for inserting Fletcher push points, triangle points and diamond points into wood frames and window sashes. Rubberized raised grip provides added comfort and helps prevent damage to the mat and other backing materials. Comes with tube of 40 Glaziers Push Points #F08711 (to right).

PULLMATE #F09517
Specifically designed to remove Fletcher Framer's Points from wood frames. Raised grip helps protect framing materials.

SPRINGMATE #F09519
Inserts and removes metal clips with ease. Slotted tip helps prevent slipping & damage.
